

# Reach Out

VERSE 1    You can lift me right up, yeah baby, then tear me apart  
It was right at the start, then crazy, but there's no turning back

BRIDGE    I never thought it would be this tough  
I'm fighting hard, fighting for all I'm worth  
But I know that some day I will be there  
so come on now, come on now

CHORUS    Reach out for, the good times  
Oh Baby I know You'll find them  
I'll hold on, cause I'm sold on  
Sold on to this life, not gonna give it up

VERSE 2    Look at things on the bright side baby  
reach out for the sky  
you're given the chance so take it  
You'll get there with time

BRIDGE    I never thought it would be this tough  
I'm fighting hard, fighting for all I'm worth  
But I know that some day I will be there  
so come on now, come on now

CHORUS    Reach out for, the good times  
Oh Baby I know You'll find them  
I'll hold on, cause I'm sold on  
Sold on to this life, not gonna give it up

Reach out for, the good times  
Oh Baby I know You'll find them  
I'll hold on, cause I'm sold on  
Sold on to this life, not gonna give it up
