## **SKILLS**

**Graphic Design** Fluent in Photoshop, InDesign, Illustrator, Acrobat, & preparing files for print production as well as working in natural media. I am also a web designer with HTML and CSS skills.

**Photography** Many years of photography & photoshop experience. Currently I have a 3 SLR camera setup used for both photography and video.

**Communication** Over many years I've gained experience as a team leader, communicating with clients at all levels, both verbally and in writing. Instructing suppliers in print production, large format and exhibition in amongst many others. I always make sure I listen well, instruct simply and clearly and in a friendly encouraging manner and I am equally comfortable taking instruction as I am giving it.

## **ADDITIONAL SKILLS**

**Video** Fluent in Final Cut X, Pluraleyes and other related applications. Many complete video productions to my name.

**Audio & Music** Fluent in Logic Pro, Garageband, Melodyne, Ozone. I have written original songs and scores for a number of artists and movie productions. Piano & keyboard player, playing live in front of an audience on a frequent basis.

**Teaching** I have been naturally teaching, training and nurturing people in graphic design, musical theatre, music, film making and photography in schools and other training establishments since 2003 and have found a natural aptitude for passing on these skills and getting others passionate about the subjects.

**Organisational** I have had a great deal of experience managing business, events, and people. I have gained this experience through running Luca Design for more than 25 years and through my work in producing and directing film and stage productions. My organisational tools of choice is databases, spreadsheets and the creation of bespoke web sites to keep everyone concerned informed.

## **COMMUNITY PERFORMING ARTS HISTORY**

**Organisation** Arts4youth

**Position** Creative Director

**Duties** In 2003 I began volunteering in Bishop Parker School nurturing talent in music. This then grew to drama too, creating a brand new stage musical called Reach Out, all about bullying. Following 2 more stage productions I then applied to Milton Keynes Community Foundation for a grant to make a full length movie called Once Upon a Bully. The film was completed and shown at a première attended by over 300 people. In November 2016 I posted the film on YouTube and it has gone viral and is being used in schools around the world. To date it has been viewed over 105,000 times. It was my first production and though the production values don't match what I achieve today the film has clearly struck a chord with many around the world. The film can be viewed at the following link:-

## **HOBBIES**

**Creative** My passion for design, music and story telling runs deep and has lead me to nurture creative talents in many young people. For the last 13 years I have run successful projects in the community nurturing drawing, singing and performing talents and this has lead, to many projects, including the ones outlined above.

**Radio** I also run a radio show called My Inspiration where I interview people about what inspires their life and passions.

**Health & Fitness** Health & fitness are very important to me as I believe you enjoy life and perform to your best, both mentally and physically if you keep yourself in great condition.

**Reading** I enjoy reading very much, both current magazines and books.
